ANNOUNCEMENT

The High Valley Ladies Aid will give a program and supper with ice cream at the High Valley Schoolhouse on Friday evening, March 27th. Everybody cordially invited.

Carlstadt Board of Trade Enthusiastically Organised

Further Meeting to be Held Friday, March 13th, at which Question of Bye Laws will be Thoroughly Discussed.

MISREPRESENTATION OF BYE LAWS GREATLY RESENTED.

Steps Must be Taken to Protect Town's Interests and to Counteract Agitation Which Has Injured Carlstadt.

A meeting of citizens has been held this evening in the American Hotel, for the purpose of organizing a board of trade. Fourteen were present. There should be a membership of about forty and it is hoped that next meeting will see a larger attendance.

The meeting was called to order by W. M. Cotter and the following officers were elected. President, J. H. DeLong. Vice-President, Mrs. F. C. Woolven. 2nd Vice-President, E. B. Roe. Sec.-Treas., C. C. Stuart.

The secretary was instructed to make inquiries as to any bank balances from a previous board and to have it transferred to the credit of the present board, also to take over stationery etc. from previous secretary.

On the motion of F. E. McDiarmid, the membership fee was fixed at 50 cents.

Mayor Cotter, referring to council matters, stated that there have been various rumors around town against the present council. If any complaint is necessary, the board of trade should lift it and present it before the council in a proper manner.

Councillor McDiarmid spoke in the same strain, stating that the business men should work together, that if any complaint is to be made it should be direct to the council.

A general discussion ensued, during which it was decided that the new bye-laws are a step in the right direction. There may be slight discrepancies, but so insignificant that will work no injury to anyone.

There has undoubtedly been a great agitation through the district, but it has proceeded entirely from one source and the bye-laws nor council are not responsible. It was felt that steps will have to be taken to crush this opposition, in the interests of the whole town.

It was decided to hold a further meeting Friday evening, March 13th, and an effort is to be made to have a full attendance.

TRIPOLA

A. Prendergast and Burt are back to the home-stead, after spending the winter in Ontario.

The dance given at Hoskin School Friday night was largely attended. All report having a good time.

Some class to that Eaton buggy from Brutus, and the free ride system. "Wonder if Tripola will invest in one!"

Mr. and Mrs. Grey Askew went to Kenex, Monday, where they intend living this summer.

A few of the farmers around here purchased some fine bronches from Windfall Forton last week. Windfall is some rancher.

George Whitehead visited a few days at John McKillop's.

Vern W. Taylor made a trip to the Mossip ranch this week.

A. W. and A. D. McKellar are back to the homestead again.

Elmer and Fred Mosgrove visited at J. MacIntosh's Friday.

Mr. and Mrs. Ed Hull left last week for Medicine Hat, where they intend living for the summer.

Miss Sadie Birce went to Langdon, Saturday, for a couple of weeks visit.

Miss Gordon went to her home in Medicine Hat this week for a short visit.

Meeting of School Board

A meeting of Carlstadt School Board was held at 8 p.m. in the office of the secretary-treasurer on Friday, March 6th, E. C. Hogg being absent. The minutes of the previous meeting were read and adopted. The following accounts were presented, approved and ordered paid: C. F. Starr Lumber Co., coal, \$21.00. H. B. Brigham, six affidavits, \$1.50. O. S. Price, drying, \$2.00. Carlstadt News, printing financial statement, \$6.00. R. Pallin, drying, 50c. The meeting then adjourned.

Frank Flannery sold three teams this week, got good prices on each.

Town Well Now Completed

On Monday, Kenneth McKenzie finished his contract on the town well and Carlstadt now has a plentiful supply of good water. All that is now necessary is for the proper connections to be made to tank and water trough and both man and beast will be able to get all the water they need. It was found impossible to go down the depth the contract called for, the flow being so strong that neither windmill and pump nor baling with buckets could lower it. The authorities responsible for the provision of this well deserve the hearty thanks of every citizen and this public utility, when the village council have completed the work, will be appreciated by the whole community.

SPRING

Is Almost At Hand

Get your garden seeds planted early. You will find a fine new assortment of McKenzie's Seeds and also a new line of D. M. Ferry and Company's Seeds on our tables.

We have a full stock of fresh groceries always on hand.

Call and see us. Glad to see you at any time.

H. R. Bean, Broadway

Mac's Office News.

In spite of the fact that Van Brunt Drills are going out in wagon loads, we have a few on hand yet.

We have the Van Brunt Drills on hand in single, double and shoe drill on hand in sizes to meet your requirements from 24 to 16 disc.

The same frame is used for any type of disc or shoes. The strong frame, wide wheels and other advantages over other drills, are alike on each. But the single disc with side delivery of grain is far in advance of other makes of drill that drop the grain behind the disc.

The Van Brunt Single Disc drops the grain in the furrow where it is wanted, thereby insuring the planting of the

grain at an even depth, which cannot be done on drills that drop the grain 6 or 8 inches farther back.

There is no need of mentioning the many good points of the Double Disc or Shoe Drills as the name Van Brunt in drills means Perfection and at least nine men out of ten know it.

The Stag sulky plows are selling like hot cakes, lately, but why shouldn't they? Can they be beat?

Why, George Ely, after he got home with his plow, looked it over and saw so many points of superiority in it that he was simply speechless, or in other words, could not find his tongue.

FRANK E. McDIARMID, Carlstadt.

FINLAY and COMPANY

We now have on hand samples of—

"IDEAL FENCE"

And it will be to the advantage of all farmers to call around and see this wire fencing, and get prices before going to other places.

We loan a patent wire stretcher to our customers, so that the fence is properly stretched.

We cater to the U.F.A. and would like their secretaries to write and get car load prices quoted. All information cheerfully given.

C. H. WAGNER, Manager, Carlstadt.

TRIPOLA

Winfield Foxton returned home on Monday from Gleichen with a bunch of horses.

Mrs. Jess Lemna spent Saturday with Mrs. F. Sharp.

Miss Jean McKibbin returned home Friday after spending a few days in Carlstadt with her sister Mrs. F. J. Conn.

Mr. and Mrs. Grey Asker visited Thursday with Mr. and Mrs. W. E. Mustard.

Gaines Imeson is back on his homestead again.

Mr. and Mrs. Ed Hall and daughter Margaret moved to Medicine Hat this week.

Mr. and Mrs. John McIntosh and Mr. and Mrs. A. E. McIntosh spent Sunday with Mr. and Mrs. C. C. Mills of Pelee.

Miss Mae Treuman called on Miss Aline Potter Thursday.

Mr. Carl Nelson called on Albert Whitney one day last week.

Frank Lemna and Johnny Wallace spent Monday with Charles and Clint Baldie.

Mr. and Mrs. George Potter spent Thursday with Mr. and Mrs. John McKibbin.

A. E. Birce spent a few day last week with Roy Garbutt of Brutus.

Mr. and Mrs. Mustard visited Mrs. J. McKibbin, Saturday.

Messrs Charles Kincaid, Jack and James McCracken made a trip to Medicine Hat this week.

FOR SALE—One red cow fresh in about 10 days, \$70.00. One grade Holstein cow, milking, \$75.00. 3 pairs Emden geese, \$4.00 per pair. One 16 inch sulky plow with stubble and breaker bottoms, good as new, neither bottom plowed over 20 acres. C. F. Starr.

FOR SALE—One registered Jersey bull at New Dominion Farm, J. T. Bell and Son, Medicine Hat, Alta. 3

The C.P.R. will at last provide a crossing over the track at Brooks and will bridge the slough (which was at one time a lake) in order that Brooks may draw upon a little territory left over by Bow City and Retlaw.

C. J. Gehringer gives good service. Try a real good square meal at the Farmers Hotel.

George Whitehead has been awarded the contract for concreting the the vault of the new Bank building will George please note that, as the Egyptians used straw for binding cement, so had he better use that superfluous hair, for binding his concrete, unless Roy has already used the best crop George ever had, for stuffing a pincushion for the Ladies Aid Bazaar.—Trip

Carlstadt Alta Feb. 28, 1914.
To the Editor, Carlstadt News.

Dear Sir,

We the "tricky trio" do note in that specimen of caligraphic verbosity called "Brutus Blarney" a paragraph, concerning the adventures of two young bachelors from Carlstadt on their return journey from the "Colville Ranch" last Sunday week. A two hour and fifty minute drive of twenty two miles, including the time they were "lost" defies even the panoramic emulation of a "Blarneyite." No doubt the fact that no gophers were seen was due to the fact that they saw a person, resplendent in a dirty shirt and blue overalls, or perchance from afar off saw two persons wrestling with neck yokes and logging chains, to the detriment of "Hercules" mighty muscles and magnificent physique. 'Alas! Poor Yonick!

(Signed) "The tricky trio."

Local and General

E. Estwick is painting the old bank building on Railway Street, intending to open up business there in the near future.

For the best kind of a dinner try some of J. M. Torson's fine mutton. Try it once and you will go again for it.

Mrs. F. C. Woolven went up to Calgary Sunday, returning Tuesday.

Mr. and Mrs. J. M. Torson have moved into the rooms over the Carlstadt Meat Market.

The residence and lot of W. E. Ball were sold for \$7,000.00 last Wednesday to Mark Wilson of the Colville Ranch. The horses, machinery and household effects were sold at the same time by Auctioneer George Satterlee, who obtained good prices. Mr. Ball and family left on Monday night for Eckford, Michigan, where they will in future reside. They will be missed in Carlstadt, having been associated with the Methodist Church while Mrs. Ball was an active member of the Ladies Aid.

Two more very acceptable and useful donations were received last week towards St. Mary's church. The T. Eaton Co. Ltd, Winnipeg, have very kindly presented the church with two silver offertory plates which were used last Sunday, and the S.P.C.K. and S.P.C.K. Societies in England have sent out \$192.00 towards the same object. Others are promised.

A. D. Thompson has had a carload of ice shipped from Medicine Hat and stored in the rear of his meat market.

The "W.A." held a very well attended and profitable meeting this afternoon at the residence of Mrs. I. Armstrong, and several visitors present were very welcome. The usual cup of tea was much enjoyed. The "W. A." will meet D.V. on Tuesday, March 17th at the residence of Mrs. F. C. Woolven.

The Norwegian Lutheran church are holding a district meeting in the Methodist church yesterday, today and to-morrow. Next week we hope to publish a full account of the proceedings.

WEDNESDAY, MARCH 11th, 1914.

Apparently it all started on the evening of December 22, 1913. One week before that date it had been stated by the very best authority that the civic affairs of Carlstadt had been in a lamentable condition during that year. A very strong sentiment made itself felt through town that a suitable recommendation should be extended to those responsible. From the point of view of the News it is of no advantage to anyone to kick a man after he has fallen down and the News pointed out that several very important matters had been accomplished during 1913. The trouble lay in the spirit of despair which seemed to pervade the town.

However after some persuasion, an election was made possible. Several candidates were prevailed upon to stand. The ratapops turned out in no half-hearted manner and decided whom they wished to have represent them during year 1914. Since then the News has accorded the present council its hearty support and will continue to do so long as the citizens of Carlstadt do not withdraw their approval of their representatives. The storm began as a small cloud upon the distant horizon, which took the form of a vague statement, immediately after the endorsement of the present councillors by the citizens, to the effect that the 1914 council is not composed of business men and is not representative.

Up to the present, council has passed several bye-laws. So long as these laws are un-repealed they should be respected. Should any person feel that any injustice is being sustained because of any act of the present council, that person has the privilege of stating his opinions before the council or he may place his views before every person interested by taking advantage of the columns of the News. But as yet there has been no definite action taken although there has been a most powerful agitation engineered right in town, an agitation which is calculated to do enormous damage to this town both with the farmers who must do their trading here and with any visitor who may be here for a day and away to another town on the morrow. If the bye-laws are faulty it is most imperative that those who might legally discern any fault should endeavor to have a remedy applied and a most unwise proceeding would be to earnestly impress upon the farmers that the town is working contrary to their interests.

The incident from which resulted the correspondence which has been published in the last two issues of the News, would have closed on the day on which the trouble occurred had it been left with those really concerned. But an effort was made to confuse the meaning of the bye-law and to create an impression that the councillors are not working in the interests of the town and that the bye-laws work hardship on the

farmer. Such agitation is the most deeply blighting stroke at this town.

This campaign has been systematically carried on and in every case, similar attempts have been made to misinterpret the bye-laws and to alienate the farmers from this town.

What can be the object of such a course of action? No one accuses the council of a breach of faith. Our representatives have earnestly endeavored to promote the true interests of both town and country. The constable has conscientiously carried out his duty and no responsible citizen has ventured to hint anything to the contrary. And still, without the least provocation, this attitude, which seeks to discredit every effort which might tend to progress or development, causes dissension between town and country, between merchant and farmer, this attitude has established itself and has been working with deleterious results. It is believed that the citizens of Carlstadt will not allow themselves to be duped. If any mistake has been made they can easily obtain redress. If any bye-law should be found to be ineffective, all that is necessary is that the matter should be discussed and it would be adjusted. Above all, it is hoped that no citizen will be so ill-advised, so short-sighted as to take the most unbusinesslike course of fostering an impression that the town wishes to drive the farmers away. We need the farmers. The 1914 council has been sincerely striving to bring together merchants and farmers for the mutual benefit to both. To say on this subject and those interested are invited to express their views in these columns.

PEERLESS PLASHINGS

The stag party at Bro Maxwell's on Friday night given by Bros. Nelson and Jones was a great success. Everybody danced till they couldn't walk, sang till they couldn't speak and ate till they couldn't see, and still the stage was not all in. They did the same thing over again at Hope place on Wednesday, March 4th.

Mr Zuffell, of Langdon, spent Friday night with A. Whitney when he wasn't home.

Mrs. McLeod and Miss Bennett returned on Friday, the former having spent the winter in Ontario and the latter in Medicine Hat.

Come people, be prepared for the masquerade ball on Friday, March 13th.

Mr. Allen, of Brutus, spent Monday night with A. Whitney.

The gophers have made their appearance in Peerless showing signs of an early spring.

Watch your shacks boys. The distress man will soon be here. If you have any pigs, starve them, and if you can't starve them Hans will kill them for you.

Going to the
Some time ago a man was awakened in the night to find his wife weeping unaccountably.
"My darling," he exclaimed, "what is the matter?"
A dream, she gasped. I have had such a horrible dream!
Her husband begged her to tell him in order that he might comfort her.
"After long persuasion she was induced to say this:
"I thought I was walking down the street and I came to a warehouse where there was a man placing husbands for sale. You could get beautiful ones for \$50, or even \$40, and very nice ones for as low as \$25.
"The husband asked innocently: Did you see any this time?
"The sales began straggling.
"Dozens of them, gaped the wife, down up in bunches like seaweed and sold for \$2 a bunch.
"Crash!—O, I say, Miss Passy, can you interpret a dream for me?"
"Miss Passy—How very interesting!"
"I'll try.
"Crash!—Thanks, awfully! It's all over this in pink. She speaks nothing but French."

TORONTO TO WOMAN
WELL AGAIN

Freed From Bearing Down Pains, Backache and Pain in Side by Lydia E. Pinkham's Compound.

Toronto, Ont.—"Last October, I wrote to you for advice as I was completely run down, had bearing down sensation in the lower part of back, headache, and pain in the side. I also suffered terribly from gas. I took Lydia E. Pinkham's Vegetable Compound and am now entirely free from pain in back and bowels. I am stronger in every way. I recommend Lydia E. Pinkham's Compound highly to my friends and neighbors."—Mrs. E. WANDER, 80 Logan Avenue, Toronto, Ontario.

Consider Well This Advice.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtues of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will cure you, write to Lydia E. Pinkham, Medicine Co., Lowell, Mass., for full advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

The First Oil Well

The location of the first oil well in the United States is claimed by several states. The Wheeling Intelligence, reviewing the oil industry of West Virginia, says there was an oil well on the lands of the Kanawha River, the present site of Charleston, "fifty-one years before the Drake well at Titusville, Pa., ashered in the petroleum industry of the world."

It is probable that there were such wells in other states. Kentucky had one as early day, but its possibilities were so little realized that nothing was done with it beyond bottling a small portion of the product and peddling it out as a mineral.

As to the priority of these oilfields, it is a matter of small importance, since the birth of the petroleum industry dates from the discovery of the Titusville discovery referred to by the Intelligence.

West Virginia did not become a large oil producer until about twenty years ago, although oil operations of varying character have been going on at intervals in that state almost since the beginning of development. In Pennsylvania, there is a fairly flourishing industry prior to the civil war, but it was crushed out during the period of hostilities, and for many years thereafter it was struggling for existence. Production reached a low water mark in 1900, when the output of the West Virginia wells amounted to more than 16,000,000 barrels. It has not been so large in any subsequent year. In 1909, West Virginia stands last on the list as an oil-producing state, its production being less than 12,500,000 barrels. In value it exceeded that of any other year with the sole exception of the record year of 1909.

Unless wastes be expelled from the system, no child can be healthy. Much of the trouble of the modern world is the best medicine extant to destroy wastes.

Control of Municipal Finance

(Continued from Last Week)
Prevent "Special Acts"

The commission would undoubtedly have been able to prevent the "special acts" which override the regular city and town Acts. Legislation of this character should only be enacted in the most extreme cases, and it should be easily overruled by "special Acts."

The commission has been asked to consider the Canadian Street Districts and rural municipalities' debentures have been practically free from criticism, largely to the fact that the Department of Education in the one case, and the Department of Municipal Affairs in the other, exercise considerable influence over the borrowings of such bodies.

The present of the commission is an exceedingly important matter. It would be desirable to select, if possible, men removed from the political arena. In fact, men who have exhibited pronounced political leanings and whose such a reputation as would entitle them to the confidence of the public is particularly important. These men might be selected for an indefinite term in manner similar to that of the present members of the Denbigh Municipal Commission. In this case, they should be disfranchised so long as they were members of the commission.

We believe suitable men would be found in the ranks of the law. The Finance. Right here we would advance the opinion that the position should be held by a man of the highest caliber, and the men who should be selected for the position should be of the highest caliber.

The men who should be selected for the position should be of the highest caliber, and the men who should be selected for the position should be of the highest caliber. The men who should be selected for the position should be of the highest caliber, and the men who should be selected for the position should be of the highest caliber.

One having, if possible, experience in the line of engineering, as well as water and power schemes, building and laying out streets, sewers, gas, electric, electrical installations, roads, and ridge building, etc.

These three might be called the "three pillars" of the commission. They should be paid a salary, but not more than the salary of a city clerk. The salary of the commission might be called the "three pillars" of the commission.

We believe that if a Municipal Commission were created by the Government, it would be a great benefit to the people. The commission would be a great benefit to the people, and the people would be a great benefit to the commission.

Canada in Debt to England
In the year 1902, the Canadian Municipal debt to England was approximately nine and one quarter millions of dollars. The debt to England was approximately nine and one quarter millions of dollars.

The appointment of a commission to investigate the municipal debt to England was a great benefit to the people. The commission would be a great benefit to the people, and the people would be a great benefit to the commission.

The commission would be a great benefit to the people, and the people would be a great benefit to the commission. The commission would be a great benefit to the people, and the people would be a great benefit to the commission.

A number of Rainy Hills and Jenner young people attended the dance at Tide Lake. The dance must have lasted throughout the next day as they did not arrive home till 7 p.m.

One of the McKibben boys had the misfortune to have his horse fall on his foot, crushing it, while helping Winfield Foxton.

W. Foxton passed through Tide Lake with a bunch of horses from Bassano, Sunday evening.

Carl Smiley made a business trip to Calgary this week.

Mr. Claude Smiley and Miss Inez Larson of Rainy Hills took tea with Mr. and Mrs. A. Hogaboam Tuesday evening.

We are glad to see George Olson fully recovered and able to navigate without a cane and intends to take to the hills.

Andrew Jr. and Miss Mary Hill were visitors at Jenner, Sunday. They were back home Monday accompanied by Miss Edith and James Wededale. They returned Wednesday.

While Mr. and Mrs. Hogaboam were attending the dance Tuesday evening last week, an attempt to burglarize their home was made but failed owing to the fact that the chore boy was at home and recognized the intruder as he was making his escape. Be sure they are all away next time you make a midnight call.

Dr. McEwen passed through Tide Lake on his way to Jenner last week.

John Craig was a Sunday caller at the home of A. Hill.

Mr. and Mrs. A. Hogaboam and Miss Hill took dinner on Sunday with Mr. A. Lutzenheiser.

FROM THE CANADIAN PACIFIC

Wonderfully fertile land is offered for sale by the Canadian Pacific Railway Company at prices ranging from \$11 to \$30 per acre. There is no better agricultural land than this virgin Canadian soil. It is unsurpassed for all forms of agriculture, including grain growing, stock raising, dairying, poultry culture, vegetable growing, and general mixed farming! The lands are convenient to railways and markets, and are located in a land of low taxation and delightful climate.

TWENTY YEARS TO PAY

Under the Company's new policy, no land is sold to speculators, but only to those who will occupy and improve it. The terms of sale are now one-twentieth cash and the balance spread over twenty years, with interest at six per cent per annum.

ASSISTANCE TO FARMERS

Under certain conditions the Company will advance a loan of \$2000 to new settlers to be used in erecting a house and barn, fencing the land, and sinking a well. This loan is repayable on the same terms as the purchase price.

Communication

Carlstadt, Alta.

March 9th, 1914.

Editor, Carlstadt News.
Dear Sir,

In last week's issue of the News I read a communication from Mr. E. Estwick on the demerits of the U.F.A. Mr. Estwick states he is neither a farmer nor a merchant, but is induced to write in view of unfair things said against the merchant.

Now it seems to me a man is making a mistake to champion a cause which does not concern him, and which he shows by his letter he knows nothing about.

His first statement is not correct, for it was not said that the union had saved over one hundred dollars on one car of coal. He then goes on to ask questions of our methods and wonders if we know what the local dealers would charge us for a car of coal, etc.

I might say the statement which he tries to quote, or misquote, was that the union saved over one hundred dollars on two cars of coal, and further, one of the cars was bought of a local dealer, hence we do know our local dealer's price, also several of the best mining companies' prices. He also says to be afraid we are forgetting that we should be fair to the merchant,

which further proves he does not know what he is talking about, for in nearly every instance the local merchant has been given a chance to secure our trade and I regret to say in some instances the proposition has been turned down cold by the merchant to his detriment. He also speaks of the merchants being robbed. They were never robbed by the U.F.A., for we do not ask for credit, but pay spot cash for all we buy, and as we buy in large quantities, we are entitled to a discount as every live merchant will agree.

Mr. Estwick wishes us to beware of over agitation and remember the militant suffragist. Now agitation and antagonism seems to be mostly or altogether on the outside for there is very little, if any, in the union. As for the militant suffragists, they certainly have nothing in common with the U.F.A., for their desire seems to be to destroy and break down and violate the law, while on the other hand the U.F.A. is not only law abiding but through its efforts and influence has caused the enactment of laws which are not only beneficial to themselves, but to some who are opposing them. The motto of the association is "Equity" and by the many works of benevolence and uplift which have been accomplished since organization, it is plainly shown that the U.F.A.

Monthly Meeting of Y.W.C.T.U.

A successful Y.W.C.T.U. meeting was held at the home of Mrs. F. J. Conn Thursday, March 5th with a good attendance. The subject was conducted by Miss C. G. Lockman. After the meeting tea was served by the hostesses and a most enjoyable afternoon was spent. All are invited to attend the next meeting in April.

The Bamano News says, "The last tie on the Bamano-Swift Current cut-off was laid this week 'at Gleichen'."

is living closer to its motto and nearer the golden rule than some other organizations. As Mr. Estwick says, a little U.F.A. might be O.K. I agree with him there but must add, a whole lot of it will be O.K. And if it is ever what he might consider overdue, it will be due to those who oppose and knock it as he is doing. A great deal more might be said in behalf of the U.F.A. if it was necessary but if they who are so bitterly opposed to the union would learn the truth about it, all would be harmony and good will.

Thanking you for the space in your valuable paper, I am,

Yours for equity,
W. J. Hall.

Weed Convention

H. W. Johnson and J. M. Foughty returned from the Convention of Weed Inspectors at Claresholm. Mr. Johnson also having attended the one at Olds.

The department intend to make a strenuous effort this year to keep down noxious weeds in the southern part of the province, particularly upon unoccupied land. The Convention voted to ask for an appropriation of \$25,000 for this purpose. The delegates listened to most interesting lectures delivered in the Agricultural colleges on the origin and eradication of weeds, and it was shown that the keeping of live stock does much towards keeping them down.

The Carlstadt delegates, Messrs. Johnson and Foughty made a strong protest against the seed supplied by the Dominion Government, which, they stated, was anything but clean, and they contended that the Dominion should bear the expense of the eradication of these weeds.

The conventions were great successes and the attendance was splendid. Every farmer should secure a copy of the Weed Act and the responsibility of keeping down the weeds rests with every farmer and homesteader in the country. Unless each does his share, the work of the inspectors will be increased enormously.

J. M. Torson

Proprietor

J. M. Torson has had the interior of his butcher shop painted.

T. H. Boyd returned to Carlstadt last week after an absence of several months. Mr. Boyd intends to open up a new cold office in town and predict a good business in this direction. While away he has visited a great many towns both north and south and as far west as the mountains. In his opinion and he states that many others in positions to know hold the same view, Carlstadt is as highly favored as any section of the country. This district has enjoyed a steady but substantial growth, and has passed through the hard times with less cause for anxiety than have the majority of towns in the west.
